about

I am extremely well organized, motivated, resourceful, compliant with deadline dates and always willing to exceed the project's expectations. I always take pride in my work.

experience

Full-stack Web Developer :: VectorSolutions :: 2015 - Present

Work on a Ruby on Rails development team developing test-driven applications.

Front-end Web Developer :: VectorSolutions :: 2012-2015

Worked developing solutions based on stakeholder requirements. Participated in requirement-gathering and design review meetings. Lead design and created user interfaces for web applications with current technologies. Conducted usability testing. Provided new and exciting design ideas, methods and technologies.

Web Designer :: VectorSolutions :: 2010-2012

Responsibilities included maintaining five company websites; creating micro-sites and landing pages; designing third-party emails, landing pages, banner ads for use on our websites as well as those of vendors.

Web Designer :: AAMP of America :: 2009-2010

Designed banner ads. Developed and sent out all marketing emails. Created and updated all product and landing pages across eight company websites. Managed company eCommerce site by adding, removing and updating products; generating discount coupons and banner ads.

Designer/Developer :: Freelance :: 2006-2012

Designed advertising pieces, logos and websites for businesses.

Art Director :: Academic Financial Services :: 2004 - 2009

Ordered all promotional and tradeshow-related items. Designed advertisements, brochures and printed materials. Helped create and maintain the company's internal and external websites.
